KNOW YOUR FARMER, REDUCE YOUR CARBON FOOTPRINT, EAT LOCAL ORGANIC FOOD, PRODUCED BY PEOPLE WHO CARE.

CERES Fair Food is an ethical food box delivery scheme setting out to create a healthier, happier food system by ensuring our community has access to affordable, fresh and tasty organic fruit & vegetables, sourced from local growers who are paid a fair price for their sustainably grown produce.

We deliver a variety of fruit & veg boxes, with the contents changing each week based on the freshest arrivals from our organic growers. Members shop for

set boxes & other yummy extras online and select from a range of convenient locations to pick up their order. Our network of dedicated 'Food Host' volunteers form the backbone of our innovative distribution system, which reduces food miles, while reconnecting the community with where their food comes from.
